

IN THE UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA
SAN FRANCISCO, CA

5 UNITED STATES OF AMERICA,) CRIMINAL NO. 08-0119 PJH
6 Plaintiff,)
7 vs.)
8 ARSENIO HUQUERIZA,) DECLARATION OF ICE
9 Defendant) SPECIAL AGENT RYAN HIR

12 I, Ryan Hirt, declare under penalty of perjury that the following is true and correct to the best of my knowledge and
13 ability:

15 1. I am currently a Special Agent with the United States Department of Homeland Security, Immigration and
16 Customs Enforcement (ICE). I have been so employed since 2006. As an ICE Special Agent, I am responsible for
17 investigating violations of federal criminal statutes, including those involving the sexual exploitation of children and
18 material constituting child pornography. I have either participated in or have been the case agent of several child
19 pornography investigations that have culminated to the level of probable cause for the issuance of search warrants. I
20 have participated in the service of multiple such warrants, wherein ICE agents have been authorized by the District
21 Court to enter into the residences of private individuals for the purpose of searching for and seizing evidence of
22 child pornography.

23 2. In 2007, I was one of the case agents assigned to the matter of the United States v. Arsenio Huqueriza (CR-
24 08-0119 PJH). The information contained in this declaration is known to me through a review of official reports,
25 court documents, evidence seized, and through conversations with other ICE agents.

1 3. Through my investigation of Mr. Huqueriza, I learned that he was a retired San Francisco Police Officer
2 who owned a Smith and Wesson Model 19, .357 revolver. Due to the fact that he was a former law enforcement
3 officer, I believed that Mr. Huqueriza was familiar with police tactics, procedures, and had received weapons
4 training during his career. Based on this information, combined with the embarrassing nature of child pornography
5 investigations, I concluded that when we served the search warrant on his residence, Mr. Huqueriza potentially
6 posed a significant risk to officer safety.

7 4. On August 10, 2007, I and other ICE agents, assisted by two officers from the South San Francisco Police
8 Department, served a federal search warrant for child pornography at the residence of Mr. Huqueriza in South San
9 Francisco, California. In an effort to minimize the risk to officer safety during the service of the search warrant, ICE
10 Agent Brodie Allyn requested that the police officers use a ruse to make initial contact with Mr. Huqueriza.

11 5. At approximately 0813 am, I and the other ICE agents parked and exited our vehicles down the street from
12 Mr. Huqueriza's residence. We approached his residence in a manner that concealed us from view from the first
13 level of the residence. We stopped in a single file formation in front of the garage door and approximately six feet
14 from the entryway to the front door of the residence. In this position, we were not in view of the front door. The
15 front door is recessed from the entryway.

16 6. As we got in the position described above, the two uniformed South San Francisco Police Officers, driving
17 a marked police car, parked and approached the residence from the opposite direction. The officers knocked on the
18 front door of the residence at approximately 8:15 am. Mr. Huqueriza answered the door, and one of the officers
19 asked him if he would come outside to discuss a reported traffic accident involving Mr. Huqueriza's red Dodge
20 truck. Mr. Huqueriza cooperated with the officers and took several steps out of the threshold. Once we (the ICE
21 agents) were in clear view of Mr. Huqueriza, we identified ourselves as federal agents and told him we were serving
22 a search warrant on his residence. We advised Mr. Huqueriza that he was not under arrest but that we needed to
23 detain him while his residence was secured. For officer safety reasons, Mr. Huqueriza was handcuffed and placed in
24 the back of the police car for approximately 15 minutes. The South San Francisco police officers accompanied him
25 during that time.

1 7. While Mr. Huqueriza was inside the police car, ICE agents entered the residence, announcing "Police with
2 a search warrant" as they did so.

3 8. As ICE agents encountered Mr. Huqueriza's family members inside the house, the family members were
4 guided to the family room, which is located on the second level of the house, immediately at the top of the stairs.
5 Family members were not handcuffed, but were asked to remain in that area while agents conducted a protective
6 sweep of the residence.

7 9. Once the residence was secured, ICE agents brought Mr. Huqueriza back into the downstairs of the
8 residence, separate from his family members to afford him a greater degree of privacy. I removed the handcuffs and
9 again advised Mr. Huqueriza that we were there to serve a search warrant. I advised him that the search warrant was
10 for child pornography. I again told Mr. Huqueriza that he was not under arrest and that he was free to leave at any
11 time. I asked Mr. Huqueriza if he was willing to speak with me about why we were there and Mr. Huqueriza
12 declined to do so. Mr. Huqueriza was shown a copy of the search warrant and Attachments A, B, and C, which
13 described the place to be searched, detailed the items to be seized as part of the warrant, and provided the Northern
14 District of California computer search protocol. As is our practice and procedure for all search warrants that we
15 execute, we did not provide Mr. Huqueriza with a copy of the probable cause affidavit supporting the warrant.

16 10. During the time Mr. Huqueriza was in the residence and I was speaking with him downstairs, one of the
17 other ICE agents took photographs of each room in the residence. Once the photographs had been taken, agents
18 began searching the rooms for evidence related to child pornography.

19 11. In the family room, Mr. Huqueriza's wife, adult son and daughter were advised that we were serving a
20 search warrant and that they could leave at any time. Family members indicated they did not wish to leave, so
21 agents asked them to remain in the upstairs family room. Mrs. Huqueriza asked to wash her face and retrieve
22 additional clothing and was allowed to do so by agents. The son and daughter also asked to brush their teeth, and
23 were also allowed to do so. Whenever one of these requests was made, an agent of the same sex as the requester
24 would accompany the family member.

25 12. During the on-scene investigation and while in the upstairs family room, Mr. Huqueriza's adult son and
daughter freely conversed with agents about their future career interests, current college classes, and other issues

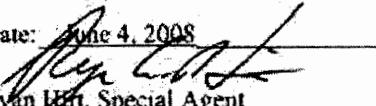

1 unrelated to the search warrant. At one point, one of the agents retrieved a box of donuts from the kitchen and
2 brought it to the family members. As the search of the residence continued, the family members asked if they could
3 move from the upstairs area to the downstairs living room. At that time, the family was escorted to the living room,
4 where they joined Mr. Huqueriza.

5 13. The on-scene investigation and search of the residence was completed at approximately 10:45am. It should
6 be noted that multiple handguns were found in the residence, but none were seized. A full list of items seized by
7 agents was annotated on a property form and given to Mr. Huqueriza along with a copy of the search warrant and
8 Attachments A, B, and C.

9 14. Subsequent forensic analysis of the evidence seized from Mr. Huqueriza's residence revealed hundreds of
10 images and video clips containing child pornography.

11

12 Date: June 4, 2008
